About.
After years of blending graphic design and photography to create surrealistic images, I gained interest and experience in the fields of UX/UI and web design at the University of Waterloo. I am currently interested in combining graphic design with human computer interaction and user research.

Experience.
Junior Web Publisher, **RCMP.**
June 2019 - August 2019
- Published web content to Intranet sites with Adobe Dreamweaver using HTML and CSS.
- Ensured adherence to the Government of Canada Policy on Communications and Federal Identity (ie. meeting accessibility requirements, etc.)
- Researched new trends as they related to the provision of Government information on Intranet sites.

Marketing, **Waterloop.**
February 2019 - April 2019
- Directing, taking, editing, team photos.
- Creating visual content for social media and updates.
- Formatting reports to ensure consistency and maintain visual identity.

Photographer, **PhotoVanBeek Inc.**
May 2018 - August 2018
- Assisted with wedding photography.
- Organizing and staging group photos.
- Setting up lighting equipment.

Photo Retouch, **Cyrus Media.**
January 2018 - May 2018
- Created and editing advertisements for clients.
- Photos used as advertisements across social media platforms.
- Content for restaurants local to the Ottawa area.

Photographer, **Starterhacks.**
March 2018 - January 2019
- Photographed during two hackathons (March 2018, January 2019).
- Provided photography services for StarterHacks.
- Produced two individual sets of 60+ high quality images and edits.

Campus Ambassador, **University of Waterloo.**
September 2017 - April 2018
- Helped organize and run Global Business and Digital Arts events.
- Offering campus tours/open houses of the Stratford campus.
- Other events for prospective GBDA students.

Photographer, **Cuts for Kids.**
May 2016 - September 2016
- Provided event photography services to non-profit events.
- Photos used in news articles and Cuts for Kids website/social media.
